POTTERY TEMPLATES | BOOKLET №2

Daily vessels are made for regular use, where comfort, balance, and function matter most.

This booklet builds on Tiny Vessels, expanding the series into everyday cup and mug forms.

The templates are true to size, designed for handbuilding, and meant to be repeated, adjusted, and made your own as part of a growing collection of vessels.

I hope these forms inspire your making, invite experimentation, and bring small moments of joy to your daily rituals.

Thank you!
